Re. Appointment of GOJO Industries REACH "Only Representative"

This communication is your official notification of our appointment of GOJO EUROPE as GOJO Industries "Only Representative," as defined under Article 8 of the REACH Regulation - (EC) No 1907/2006.

Only Representative Name GOJO EUROPE

Contact Information Mike Sullivan, Managing Director +44 1908 588444

GOJO Industries has identified the substances we export to the European Community that are covered under the REACH Regulation, and we will ensure that GOJO EUROPE pre-registers all identified substances that you import from GOJO Industries with the European Chemicals Agency (ECHA).

As a result of our appointment of GOJO Europe as the Only Representative, under the REACH Regulation, GOJO EUROPE will become the importer *pro forma* under the definition derived from the REACH Regulation; your status will change from "importer" to "downstream user," so that you will be exempt from the requirement to pre-register identified substances contained in imports from GOJO Industries. (This change of status to downstream user pertains only to your supply chain from GOJO Industries; i.e., to the metric tonnage you import from us as a *non-Community manufacturer* that has designated an Only Representative (GOJO EUROPE). If you also import an identified substance from other non-EU suppliers, you must register such tonnage separately with ECHA or have the non-EU supplier appoint an Only Representative.)

You will be responsible for identifying if your use of GOJO Industries substances will be covered by the Registration dossier. This provides you with a contact to whom you can make your use, as a downstream user, known, and, in addition, provides you with clear documentation that your imports are covered by GOJO EUROPE's appointment as GOJO Industries' Only Representative, so that you are not responsible for reporting to the ECHA. (If for some reason you do not want to disclose all information on your usage to GOJO EUROPE, you can, as any downstream user, report to ECHA according to Article 38 and prepare a Chemical Safety Report in accordance with Annex XII.)

I will appreciate your acknowledging receipt of this letter, and aiding in our mutual compliance with REACH. If you have any questions, please feel free to contact me.
